Subject: FW: New bioavailability of PAHs article
Attachments: acs.est.pdf

Hi Kathleen,

Glad you were able to join us today, and thanks again for forwarding that spreadsheet. I have some newer notes that I intend to organize that way this morning, but had connection issues from home this morning (need to do AWL more often, I suppose).

Attached is a newly available article entitled "Oral Bioavailability, Bioaccessibility, and Dermal Absorption of PAHs from Soil — State of the Science". It was forwarded for review late last week by a member of a workgroup focusing on TCDD and PAH bioavailability. I haven't looked it over thoroughly, but it seems pretty relevant.

Finally, Stuart Yuspa is the the NCI scientist/lab chief I mentioned. **Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP)

See you at SOT?

Cheers,
Margaret
